FLINDERS BIOKNOWLEDGE

Understanding and interpreting processes that affect the conservation and functioning of Australia's biodiversity and landscapes

What are the Research Drivers in a University context?

Bioknowledge

<http://bioknowledge.flinders.edu.au>

Producing New Knowledge

Capability

- Research expertise/ interest

Capacity

- **\$ Income - Grants/ Industry Partnerships**
- **People - Educating / training new researchers - Post Graduate Students, Post Doctorates etc**

Impact / Uptake

- Commercialisation
- Industry Applications
- **Publications**
