

ICE WaRM Information Night

ICE WaRM presents a free information session

Postgraduate Studies in Water Resources Management

ICE WaRM, in conjunction with five partner universities, offers an award-winning suite of postgraduate programmes in Water Resources Management. The Masters, Graduate Diploma and Graduate Certificate programmes offer flexible study options for professionals in the water industry who are seeking to upgrade and update knowledge and skills.

For more information on the programmes, courses and stream selections visit www.icewarm.com.au
